

Student Journey

1818 ADVANCED COLLEGE CREDIT PROGRAM

Registration

Student registers for 1818 coursework at slu.dualenroll.com.

Enrollment Verification

Once the student submits their registration, several steps need to take place in DualEnroll before their registration is complete:

1. The 1818 coordinator needs to approve their GPA.
2. The parent/guardian listed on the student's account needs to provide consent for their student to participate (they will receive a DualEnroll notification via email/text).
3. The 1818 instructor needs to confirm in DualEnroll that they are, in fact, enrolled in the class.

The student/parent will receive confirmation of their enrollment when all steps are complete.

Billing

For each term a student is enrolled, families will receive a mailed and emailed billing statement mid-semester. Payment can be made in custom installments on our website: www.slu.edu/1818 and is due at the end of the semester ([see academic calendar](#)).

MySLU Account Setup

Mid-semester students will receive directions on how to set up their MySLU student account. This account stays with the student after they graduate and allows them to access their end of year course evaluations (optional but encouraged) as well as all undergraduate applications and services including full access to SLU library databases.

	<p>Course Evaluation</p> <p>For each course the student takes, they will have the option to complete a course evaluation through their MySLU.slu.edu account. These surveys are optional but highly encouraged.</p>
	<p>Grade Entry</p> <p>At the end of each 1818 course, the instructor will provide a letter grade that is posted on the student's official Saint Louis University Transcript.</p>
	<p>Transfer of credits (Seniors)</p> <p>Once the student has completed the program, they will transfer their credits to their university via our transcript ordering service found on our website: www.slu.edu/1818.</p>
